How to Create a Focused Review
(Student Guide)

➢ Sign in to www.atitesting.com using your personal Username and Password.

➢ Click on My Results.
Find the exam you want to create the Focused Review for and Click Create to the right of the assessment. If it says N/A then a focused review is not available for that assessment.

Select the topics you want in your review and click on Create Focused Review.
Congratulations! You have successfully created your Focused Review.

To pull up an existing Focused Review or to Recreate a new one using different topics, follow the same steps until you get to your list of assessments. Then click on View | Recreate to the right of the assessment.
